Dairyia Porter

Technical Writer

you@example.com · linkedin.com/in/your-profile · Your City, State

Summary

Technical writer with experience creating procedures, forms, training materials, and docs-as-code documentation. Known for plain-language writing, close collaboration with subject matter experts, and documentation that people can follow the first time.

Experience

Senior Technical Writer, Company Name 2023 – Present

- Wrote and maintained 40+ standard operating procedures for operations and quality teams.
- Led the move from shared drives to a docs-as-code workflow using Markdown, Git, and GitHub Actions.
- Redesigned high-volume forms, reducing incomplete submissions and follow-up requests.

Technical Writer, Company Name 2020 – 2023

- Created quick-reference guides and onboarding materials for new employees.
- Built training presentations with speaker notes for system rollouts.
- Partnered with engineers, legal, and compliance reviewers on document approvals.
